Good Old and New
Gifts for Early Orders (See Pages 8, 19)

NORWAY MAPLE (The Leading Shade Tree)

STATE OF NEW YORK—No. 4085
Department of Agriculture and Markets
Peter G. Ten Eyck, Commissioner
Certificate of Inspection of Nursery Stock

This is to Certify that the nursery stock of **THE E. H. BURSON NURSERIES** of CLIFTON, County of Monroe, State of New York, has been duly examined in compliance with the Agriculture and Markets Law and has been found to be apparently free from all injurious insects and plant diseases.

This certificate is valid until Oct. 1, 1937.

Dated, Albany, N. Y., Aug. 19, 1936.

PETER G. TEN EYCK, Commissioner
A. B. BUCHOLZ, Director, Bureau Plant Industry.

CHARLES A. GREEN
Founder

An Enviabile Reputation . . .

MR. CHARLES A. GREEN, the founder of this business, never wanted to be selfishly rich. All he asked was comfort and the fine knowledge that hundreds of thousands of good folks knew that they would always get absolutely honest value, and the best possible value, from Green's.

Our Reputation Your Assurance

For over 50 years, Green's Nursery Co. has been supplying buyers with a quality of nursery stock which has built our present enviable reputation. Recognizing that our reputation is our most valuable asset, you may rest assured that we will do nothing to violate the public confidence we now enjoy and which has taken so many years of hard, conscientious effort to build.

We number our satisfied customers by the thousands—in all parts of the country.

Charles A. Green was the first man to start a service of supplying reliable nursery stock **DIRECT FROM NURSERY TO GROWERS** at a price much below Nursery Agents.

Read This

"I would have saved \$8.00 on a \$15.00 order placed with a nursery agent last fall, had I given the order to Green's Nursery Co." This buyer had never seen Green's Catalog.

No Agents

We employ no agents, consequently we have no agent's commission (usually 30 cents on every dollar) to pay. This saving we pass on to you—the buyer. Why pay an agent 30 to 50 cents on every dollar for simply making out an order? We make buying easy. The descriptions in this catalog are authoritative and accurate. You need but to make a selection, fill out the order blank and send it in.

How to Order

Simply make your selection from this catalog, use the enclosed order blank and mail it to **GREEN'S NURSERY CO., ROCHESTER, N. Y.,** or to **CLIFTON, N. Y.**

Terms

Please send payment with order. An express money-order, postal money-order, or bank draft is the best form of remittance. You can send your personal check if you desire. It is not safe to send silver or bills except in a registered letter. This "payment with order" plan saves us the enormous expense of making book records and of collecting accounts and is one of the features of our business that enables us to sell you such high quality trees and plants at such low prices. To new customers, we extend the privilege of **C. O. D.** shipments and paying when delivery is made by expressman, mailman or freight agent. No premiums are given on **C. O. D.** orders. Prices are free on board cars at our nurseries.

When to Order

It is best to order early, as this enables us to reserve for you the varieties you want and avoids the possibility of our being sold out. The time of shipment may be left to us, as we keep track of weather conditions throughout the country and ship each order so as to reach our customers at the very best time for planting in that locality. If it is necessary that an order arrive on a certain date, please note it on your order sheet and we will ship to arrive as near to that date as possible.

When to Plant

Planting can be done any time the trees and bushes are dormant and the ground not frozen. In most states the spring planting season extends from March 15th until June 1st, and the fall season from October 1st until December 1st.

Our Guarantee

We guarantee delivery in good condition. If the customer will notify us immediately that shipment arrived in unsatisfactory condition because of delay in transit or other cause, we will be pleased to make immediate adjustment. No human caution could be more exacting than ours. If any of Green's trees prove untrue to name, we will gladly replace the items or refund the purchase price. Obviously, we cannot assume further responsibility than that.

Orders for Less Than Two Dollars

If your order amounts to less than two dollars, please add fifty cents extra for packing costs. In our endeavor to make our prices as low as possible, we have based our packing costs on orders amounting to ten dollars or more. As it costs practically as much to pack a small order as it does a large one, we find we cannot profitably handle orders of less than two dollars without an additional charge for packing.

25c Orders The above refers to Express and Freight orders. We accept and ship out orders of 25c by parcel post.

Planting Advice We make every effort to help you get best results and will send you complete planting instructions with your order. Should you desire these planting instructions before shipment, let us know and we will gladly send them.

Complaints Every shipper of Nursery Stock receives some complaints,—we receive very few and these come mainly weeks or more, after, the stock has been received and planted. If any tree or plant is not entirely pleasing when the package is opened, word should be mailed us at once. We cannot entertain complaints made weeks or more after receipt of stock as we are not in any way responsible for improper planting or for dry weather following the planting.

We Supply It is well known that no Nursery grows every tree and plant. We often have calls for items that we do not grow, but can get of reliable growers, and, as we buy these at the lowest trade rate, can supply our patrons at a pleasing price. In such instances, our main aim is to fill orders complete and the profit is a secondary consideration.

Special Quotations on Large Quantities Write us for special prices on large orders. Be sure to state the number of each variety wanted and the size of the trees and age or grade of plants desired.

CHAS. A. GREEN once said that every catalogue builder should plan to list in his new catalogue something new; there was bound to be many who are looking for something new, a variety of fruit that excelled the old standards in some particular way, a shrub, rose or ornamental tree that in point of foliage, season of blooming, or other unusual way was different from the good old ones.

FOLLOWING THIS SOUND ADVICE, we are listing in this catalog:

The new patent wonder “The Tom Thumb” Rose, see page 17.

The new patent Truehedge Columnberry, see page 14.

The new patent Roses Rochester, Mary Hart, Better Times and Amelia Earhart.

Also some exceptionally good things, although not new, are especially attractive.

Bolleana Poplar, here you have a tree with true silvery foliage, see page 8.

Wisconsin Weeping Willow -----see page 8

Variegated Leaf Weigela -----see page 11

Paphne Cenorum -----see page 26

F. J. Grootendorst Rose -----see page 16

LATHAM (See Next Page)

RASPBERRIES

ADVICE AS TO PLANTING—For Garden Culture. Red and Yellow Raspberries and Blackberries may be planted in rows 5 or 6 ft. apart and the plants 2 to 2½ ft. apart in the row. For field and commercial planting the Red and Yellow varieties, the rows should be fully 6 ft. apart and the plants 3 ft. apart in the row, while the Purple and Black will give better results and be in better shape for cultivation if the rows are 7 ft. apart and the plants 3½ ft. apart in the row.

When setting Raspberries or Blackberries the planter should (unless the soil is in moist condition, and even then the roots had better be puddled) see that all the roots are wet, the holes or furrows deep enough and wide enough so that the roots can be spread and set in an inch or two lower than their growth will show they stood in the nursery row, and the soil packed firmly on and around the roots.

Please Note: We send Raspberry Plants by Parcel Post, all charges prepaid by us at the 10 prices as shown below.

LATHAM. The big hardy, mosaic free phenomenal cropper of red fruit that sells on sight at the highest prices,—so hardy in cane that the severe winters of the North West do not injure it. Price: Strong plants (such as offered by general growers) 10 for 50c, 50 to 100 at 4c each, 200 to 1000 at 3c each. Special Supersize plants 10 for 75c, 50 to 100 at 5c each.

CHIEF. A hardy red, ripens 10 days earlier than Latham and is valuable for that reason. Same price as Latham.

NEWBURGH. A new red variety that is proving its worth. Vigorous in growth and hardy, quality superior to Latham, is being planted largely and is highly recommended for garden culture and to supply a particular class of fresh fruit buyers. Price: Strong plants (such as offered by general growers) 10 for 75c, 50 to 100 at 6c each, 300 to 1000 at 5c each. Special Supersize plants 10 for \$1.00, 50 to 100 at 8c each.

GOLDEN QUEEN. Yellow,—you have wanted a delicious yellow raspberry,—the Golden Queen will meet your wants. Canes grow like the red raspberry. Supply limited. Price: No. 1 plants, 5 for 50c, 10 for 90c.

COLUMBIAN. The well known purple variety. Possibly no variety of raspberry has shown as big crops or brought in as much clear profit as this variety. The last field we cleared off had been fruited for 16 years and the twelfth crop was the biggest. It is indeed a wonderful variety. Price: Selected 1 yr. plants 10 for 50c, 50 to 100 at 4c each, 300 to 1000 at 3c each. Two year plants 10 for \$1.00, 50 to 100 at 8c each.

CUMBERLAND. A well known and largely planted blackcap. Good for the home and planted in acre lots by commercial growers. Price: Selected 1 year plants 10 for 50c, 50 to 100 at 4c each, 300 to 1000 at 3c each; two year plants, 10 for 75c, 50 to 100 at 6c each.

NEW MARVEL (Blackcap) New. Originated in Ohio and found to be a surprising cropper of showy berries of large size. We are so pleased with this variety that we have planted an acre for home and commercial cropping. Price: 2 yr. plants, 10 for 75c, 50 to 100 at 6c each; no 1 yr. plants to offer.

BLACKBERRIES (Thimble Berries)

ELDORADO. The only variety we grow commercially, an acknowledged excellent one. A favorite for the home garden and in our experience of many years, the best, considering hardiness of cane, size of fruit, and yield, the best for the commercial grower. Hardy in bush and a big cropper of large sized fruit. Price: Extra strong heavy rooted plants—10 for 70c, 50 or more 6c each.

Special prices will be quoted by letter, on request, on thousand or more lots of Raspberries and Blackberries.

Please Note: We send Strawberry plants as listed if desired by Parcel Post prepaid by us at the dozen and hundred prices as shown.

STRAWBERRIES

The money maker for the commercial grower and the ever satisfying delectable fruit for the home garden. There are scores of varieties. We grow and list some of the most reliable for general planting.

PREMIER EARLY. A standard of excellence with all growers, and the earliest worthwhile Strawberry of the older varieties. A great money maker. Price: 12 for 25c, 50 for 40c, 100 for \$1.00 postpaid, 1000 for \$5.00 f.o.b. cars.

DORSETT EARLY. Berries are very firm; firmer than Premier, and are a beautiful light red in color. An excellent variety for canning. They hold this color well, and for this reason, together with their attractive shape and extra fine quality, has become the leading variety for home and market. Price: 12 for 25c, 50 for 45c, 100 for \$1.25 postpaid, 1000 for \$6.00 f.o.b. cars.

FAIRFAX EARLY. Berries are exceptionally firm. They are a bright red when picked at proper time. The berries are uniform in size and present very handsome appearance. Some growers consider this variety the best of the early fruiting ones on account of its solid red color. Price: 12 for 25c, 50 for 45c, 100 for \$1.25 postpaid, 1000 for \$6.00 f.o.b. cars.

CORSICAN. This variety is so well known to the majority of our patrons that a lengthy description is unnecessary. It is the ideal berry for the table, sweet and of above average size. We have never had enough plants to supply the demand. Storekeepers in this vicinity usually phone in their orders for this variety ahead of the picking as it retails better than others. Medium early. The leading table variety, sweet, large size. Good for the home garden and for the commercial plot. Sells well on sight on account of size and fine appearance. This variety is known by some as the New York. Price: 12 for 35c, 50 for 55c, 100 for \$1.50 postpaid, 1000 for \$8.50 f.o.b. cars.

MASTODON EVER-BEARING.

This supreme Ever-bearer may well be termed the King of Strawberries. Plants set in the spring will produce a good crop in August, September and October of the same year. Large shipments of fruit were received in Rochester from a Mid-West grower last September and October which sold readily at 30 to 40c per quart. The most extensively planted variety of Ever-

bearing Strawberry. Fruit is very large size, waxy appearance. Plants also very large and healthy. Foliage dark, glossy green, and produces fruit throughout the late Summer and Fall months. Price: 12 for 35c, 50 for 75c, 100 for \$1.50 postpaid, 1000 for \$8.00 f.o.b. cars.

Note—We accept orders for Strawberry Plants at the dozen and hundred prices to be sent by parcel post, charges paid by us.

CURRANTS AND GOOSEBERRIES

ADVICE AS TO PLANTING. Plant bushes in row 3 feet apart, rows 6 feet apart, or in blocks 4 feet apart each way. We grow them for fruit extensively in our nurseries and have found that they are one of the best paying small fruits. Currants are always in demand on the market for making jellies, jams, preserves, tarts, etc. We harvested a good crop last season but had not near enough to supply the demand. Every home garden should contain a dozen or two bushes.

Please Note: We send Currants and Gooseberries as listed above if desired by Parcel Post prepaid by us at 1, 3 and 10 prices shown after descriptions.

CURRENT VARIETIES

RED CROSS. The most profitable large cherry red. We grow them by the acre for the fruit. Price: 25c each; 10 for \$2.25; 50 or more at 15c each, postpaid at each and 10 prices. Strong 2 year bushes.

DIPLOMA. Fruit very large, light red, sweet and unusually juicy. The bushes are strong, vigorous growers and exceptionally productive. Price: Strong 2 year bushes, 30c; 10 for \$2.75, postpaid; 50 or more at 20c each.

WHITE GRAPE. This is the best of all white currants. It is an excellent dessert variety because of its mildly acid flavor and large, handsome clusters of golden green or white berries. It is very prolific. Price: Strong 2 year bushes, 25c each; \$2.00 per 10; \$15.00 per 100.

GOOSEBERRY—Varieties

POORMAN. The new big red gooseberry. Introduced by the New York State Experiment Station. A variety that has been wanted by everyone. Price: 2 year strong, 35c each; 3 for 90c, postpaid; 50 or more at 20c each.

CHAUTAUQUA. The large yellow English variety. The best yellow for home and market. Price: 50c each.

GRAPES

ADVICE AS TO PLANTING. Plant 6 to 8 feet apart in rows 8 feet apart. When planting, cut back, leaving two or three buds only to each branch. Don't cut off roots, but plant deep and spread roots.

CONCORD (Black). Leading commercial grape. Fine flavor. Planted more extensively than any other variety. Price: 2 year No. 1, 20c each; 10 for \$1.75, postpaid; Keeps well a long time after picking. Price: 2 year No. 1, 20c each; 10 for \$1.75, postpaid; 50 or more at 10c each.—Select 1 yr. vines, 15c each, 10 for \$1.00; 50 to 100 at 6c each. Prices for 300 or more gladly quoted upon request.

CACO (Red). New. Super size berries. Deliciously sweet. Highest quality of all. Ripens early in September. Price: 2 year No. 1 vines, 50c, postpaid.

CATAWBA. The good late red. Price: 2 yr. No. 1, 25c each, 10 for \$2.00.

DELAWARE. The favorite small berried pink grape, generally plants for home use. Price: 2 yr. No. 1, 25c each, 10 for \$2.25.

MOORES EARLY (Blue). An extra good early variety for the home garden. Price: 2 year No. 1, 25c each; 10 for \$2.00.

NIAGARA (White). Leading commercial white grape. Productive. Large bunches. Good quality. Middle September. Price: 2 year No. 1, 30c each; 10 for \$2.50. 1 year vines, 25c each; 10 for \$2.00.

WORDEN (Black). Seeding of Concord. Larger bunches. Better quality. Early September. Price: 2 year No. 1, 25c each; 10 for \$2.00.

FREDONIA (New Black). A N. Y. State Experiment Station introduction. Large, black berries, ripening two weeks earlier than Worden. Productive. Excellent quality. Price: 2 year No. 1 Vines, 30c each; 10 for \$2.75, postpaid.

PORTLAND (New White). Another N. Y. State Experiment Station introduction. Holds first place among early green or white varieties. Exceptionally large fruit and bunches. Good quality. Price: 2 year No. 1 Vines, 30c each; 10 for \$2.75, postpaid. Prices for 50 or more gladly quoted upon request.

Grape Vines as offered above will be sent postpaid at each and ten prices. If 50 or more of any variety are wanted, we will quote much lower prices.

Please Note: We send Grapes postpaid at each and ten prices as shown above, and Asparagus at dozen rate, Rhubarb at each, Sage Horseradish and Thyme as shown above.

Dear Sir:

I was more than pleased with the Grape and Gooseberry bushes received recently, they were fine.

Very truly yours,

(Signed) C. M. K.,
Clinton, N. Y.

May 9, 1936.

E. H. Burson Nursery:

All stock ordered from you this year received in good condition, are leafing out nicely in spite of unfavorable weather conditions.

(Signed) Dr. C. J. Mulvey,

See Page 20 for An Amazing Offer of Small Flowering Plant Collections.

GARDEN NECESSARIES

The home garden surely is incomplete without the peers of spring vegetables, Asparagus and Rhubarb. Then how handy it is to have one's own Horseradish and Sage.

ADVICE AS TO PLANTING. For Asparagus select loamy soil, dig or plow trench 8 inches deep, set the plants one foot apart and crowns four inches below level of soil, spread the roots and firm thoroughly, being careful not to bruise the crown, cover with two inches of soil. When the new growth is two inches above level of soil, hoe in the remaining loose soil, thus burying any weeds that have started. The rows may be 2½ to 3 ft. apart.

Rhubarb roots should be planted so that the crowns are two to three inches below level of the soil.

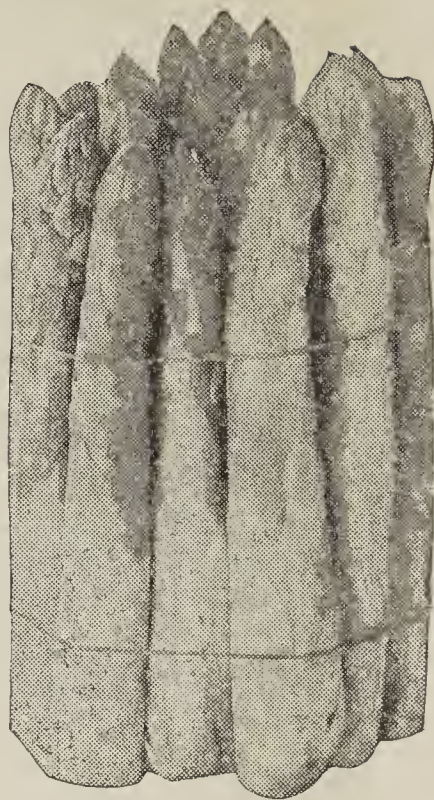

ASPARAGUS. Washington rust proof. Price: Extra heavy 2 year plants, 12 for 35c postpaid; 50 to 100, 2c each, not postpaid; \$10.00 per 1000.

RHUBARB. Strong. 20c each, postpaid; 10 for \$1.50, for Express or freight shipment.

SAGE (Holt's Mammoth). The leaves of this plant are used extensively for flavoring dressing and sauces. Price: 30c each; 3 for 75c, postpaid.

HORSERADISH SETS. Price: 10 for 50c; 50 or more at 2c each, postpaid.

THYME. For seasoning game and meat dressing. Price: 20c each; 3 for 50c, postpaid.

SHADE AND LAWN TREES

AS TO THE PLANTING OF SHRUBS, SHADE TREES, EVERGREENS, ETC.—The average amateur planter has much to learn. (We say this with all due respect to those who know how.) Many ornamental trees and shrubs do not grow as they should because the holes are not dug deep enough or broad enough or because the roots are cramped and because the soil is not firmed well enough around them. The hole should be at least twice as large as the roots appear to need. Soak the holes with water if land is dry, wet the roots or, better, puddle, and, after setting the specimen in center, gradually fill in the soil and firm it as you fill. Usually the trees and plants should be set 2 or perhaps 3 inches lower in their new location than they stood in the nursery row. This point can easily be determined by the planter.

BECHTELS CRAB. A delightful small pink flowering tree. A favorite of the favorites. No lawn is complete without it. Price: 3 to 4 ft., 75c each.

CATALPA (Umbrella Tree). Well known. Price: 6 ft., \$1.00 each; 2 for \$1.80.

CATALPA SPECIOSA (Sometimes called Hardy, Western). A rapid-growing, street or forest tree. Bears large, luxuriant, heart-shaped foliage and clusters of flowers similar to the horse-chestnut but larger. Ornamental as well as useful. Hardy. Price: 6 to 8 ft. specimen trees, \$1.00 each; 8 to 10 ft., \$1.25 each.

CHERRY (Japan Pink Flowering). A glorious early spring flowering tree of dwarfish growth. Price: \$1.00 each for flowering age 2 to 3 ft.

Bechtels Crab in Bloom

DOGWOOD (*Cornus Florida*, White Flowering). The flowers appear in spring before the leaves show and it is a very attractive tree for lawn or any other part of the grounds. Price: 75c each for 2 to 3 ft.

DOGWOOD (*Cornus Rubra*, Pink Flowering). Possibly the most sought after lawn tree. In the fall the foliage is also very striking. Price: \$1.25 each for 2 to 3 ft.

ELM (American). Well known and desirable for home or street. Price: 6-8 ft., 60c each; 8-10 ft., 85c each.

ELM (Chinese). A new variety being planted extensively for home grounds, streets, parks, etc. Highly recommended by the Dept. at Washington. Price: 6 to 7 ft., \$1.25 each; 8 to 10 ft., \$1.75 each.

ELM MOLINE. A valuable, new type of tree, fast growing, leaves large, of distinct blue green. Price: 8-10 ft., \$1.25.

HYDRANGEA (Tree Shape). That favorite fall blooming tree. Immense panicles of blooms, white turning to pink. Price: 3 to 4 ft., 60c each.

MAGNOLIA (*Soulangiana*). Needs no description, a flowering tree of this Magnolia has often sold a home at a big profit. Price: \$2.50 each for 2 to 3 ft. trees.

MOUNTAIN ASH. White blossoms, red berries. Price: 6 to 8 ft., \$1.75 each.

MULBERRY (Teas Weeping). Price: 5 to 6 ft., \$1.25 each.

MAPLE (Norway). The favorite dooryard and street tree. Price: 6-8 ft., \$1.25; 8-10 ft., \$1.75 each; 10-12 ft., \$2.50 each.

MAPLE (Rock or Sugar). Price: 6-8 ft., 75c each; 8-10 ft., \$1.00 each; 10-12 ft., \$1.50 each.

MAPLE (Silver). Another well-known favorite. Price: 6-8 ft., 60c each; 8-10 ft., 85c each; 10-12 ft., \$1.50 each.

PEACH (Double Flowering). In Pink, Red or White blooms. Blooms in May. Every twig becomes covered with perfectly formed double blossoms. Price: 75c each for 2 to 3 ft. trees ready to bloom.

One Look at Page 21 may show you the way to save several dollars.

POPLAR (Bolleana). The true silver leaved ornamental shade tree. Fast grower. Not a common tree. Distinct in bark and foliage from any other. Once seen, sure to be selected. If planning to plant a tree, don't overlook the Bolleana Poplar. Price: 4-5 ft., \$1.00 each; 6-8 ft., \$1.75 each.

POPLAR (Carolina). The well known large leaved variety. Price: 6-8 ft., 75c each; 8-10 ft., \$1.00 each.

POPLAR (Lombardy). Pyramidal in growth, a favorite when a tall tree is wanted. Price: 6-8 ft., 85c each; 8-10 ft., \$1.10 each.

Special low prices on quantity lots of Carolinas and Lombardy will be given on request.

PRUNUS PISSARDI. Our favorite on account of its beautiful foliage. Ten of these trees could be bought at the price of one Japan Red Leaf Maple or Purple Beech and the foliage just as pleasing. Price: 3 to 4 ft., 75c each.

PRUNUS TRILOBA. Early spring. Pink flowering. If once seen in bloom sure to be selected for the lawn. Price: 2 to 3 ft., 60c each.

THORN, PAUL'S SCARLET. Deep crimson flowering. The king of the flowering thorns. Price: 3 to 4 ft., \$1.25 each.

WILLOW (Babylon Weeping). A much wanted tree. Price: 6 ft., \$1.20 each.

WILLOW (Wisconsin Weeping). A true weeping, hardy Willow that is being largely planted. It will meet every want, where a weeping, attractive tree is desired. Price: 5-6 ft., \$1.00 each; 6-8 ft., \$1.25 each.

April, 1936.

Green's Nursery Co.:

We have received our order of Norway Maples in best condition as we always did for the past 25 years, always very satisfactory. Many thanks.

(Signed) Paul Baumann,
_____, Mass.

VERY SPECIAL low prices will be quoted on request for American Elm, Norway, Rock and Silver Maples for 5 or more trees of any height or size desired. We have several thousand trees to offer. We have a big block of Elms and Maples that are larger than those offered above. Special low prices will be quoted, on request, for one to one hundred trees.

SPECIAL 1937 SPRING GIFTS

For those who send in their orders before Mar. 15th, and on the condition that the order amounts, checking from catalog prices, to \$5.00 or more, and you request it at time of ordering, will include with the shipment or send in separate package postpaid to you or to any friend of yours at any other P. O. or in another state:

Three Flowering Shrubs, ready to bloom, all different, —or—

Fifty Gladioli bulbs, blooming sizes, mixed colors, —or—

Four 2-yr. Grape vines, our selection. 3 varieties, all labeled,

If your order amounts to \$10.00 or more at catalog prices, and you request it at time of order, we will send you:

One pair of Levin Pruners as listed on page 18 of this catalog, free, if no other gift is asked for.

THE BEAUTIFUL FLOWERING SHRUBS

All Blooming Size Ready for Immediate Effects

Considerable space is devoted to this most desirable and much planted class of nursery production.

Green's shrubs have been very carefully selected and include the most beautiful and hardy varieties of new introductions and the lovely old ones we just can't do without.

SHRUBS BY PARCEL POST. The prices shown under the descriptions are for heavy ready to bloom specimens for shipment by express or freight and **NOT** by parcel post.

BUT WE HAVE a nice grade of smaller plants suitable for parcel post prepaid shipment and these will be sent at 10c each less than the price of the heavy stock.

ALMOND (Pink Flowering). The well-known much loved shrub. Beautiful double pink, rose-like flowers, early in spring before leaves appear. Price: 2 to 3 ft., 50c each.

ALTHEA (Rose of Sharon). Beautiful double flowers from August until frost. Hardy erect, compact. Grows 8 to 10 ft. high. We offer only double-flowered sorts in Pink, Purple, Red, White, Rose with darker center. Order by color. Price: 2 to 3 ft., 40c each.

BARBERRY (Red Leaved). Foliage a reddish bronze in spring, turning to a brilliant red as the heat of summer intensifies its color. An exceedingly attractive shrub for mass plantings where contrasting colors are wanted. Price: 12-15 in., 25c each; 3 for 65c; 10 for \$2.00. 1½ to 2 ft., 35c each; 3 for 90c; 10 for \$2.75.

BARBERRY (Dwarf). In big demand for hedges and for group planting. Covered with red berries in fall and winter. Foliage orange and scarlet in late fall. Price: 2 to 3 ft., 25c each. See page — for prices of sizes for hedges.

BUTTERFLY BUSH (The New Isle de France) and others. A very attractive and unusual perennial shrub. Its lavender flowers are very sweet-scented 6 to 10 in. long, resembling lilacs. Blooms from July until frost. Price: Strong 2-year plants, 40c each.

See Page 21 for 9 Special Reduced Price Collections of Fruits, Shrubs, Roses, etc.

Butterfly Bush Blooms

DEUTZIA (Pride of Rochester). Double white. Price: 40c each.

DEUTZIA (Crenata Rosea). Pink flowers. Price: 40c each.

DEUTZIA (Deutzia Gracilis). A dwarf, dense-growing shrub, with single, white, bell-shaped flowers in May. Excellent for shrub borders in front of taller kinds. Price: 1 to 2 ft., 40c each.

DOGWOOD (Coral). Striking, bright coral red branches, very ornamental, especially for winter effects. Yellowish white flowers in spring, white berries in winter. Price: 2 to 3 ft., 35c each.

FORSYTHIA (Golden Bell). This beautiful old favorite is loved by all. One of the first shrubs to bloom in the spring, with bright yellow, bell-shaped flowers in April before the leaves appear. Price: 2½ to 3 ft., 40c each; 3 to 4 ft., 50c each.

HONEYSUCKLE RED (Lonicera Tartarica Rubra). The favorite, old-fashioned shrub, covered with pink flowers in spring, immediately followed by scarlet berries that last through the fall. Grows more rapidly than any other shrub. Fine for screening out undesirable views, reaching an ultimate height of 8 to 10 ft. very rapidly. Price: 2 to 3 ft., 40c each; 3½ to 4 ft., 50c each.

HONEYSUCKLE WHITE (Lonicera Tatarica Alba). Same as Pink Honeysuckle except its flowers are white. Combine both in your planting. Price 2 to 3 ft., 40c each; 3½ to 4 ft., 50c each.

HYDRANGEA ARBORESCENS (Hills of Snow). Magnificent clusters of snow-white flowers from July through September. Grows naturally into a round, compact bush 4 to 5 ft. high. Makes a fine hedge and grows well in shady places. Price: 2 to 3 ft., 35c each.

See Page 8 for Special Gifts of Flowering Shrubs, Gladiolus Bulbs, Grape Vines or Levin Pruning Shears.

- HYDRANGEA PANICULATA GRANDIFLORA** (Bush Form). Immense clusters of greenish-white flowers changing to white and later to delicate pink. Blooms in August and September. Price: 2 to 3 ft., 40c each.
- JAPAN QUINCE**. Another old favorite. Fine for specimen of border planting. Completely covered with dazzling scarlet flowers in May. Price: 2 ft., 40c each.
- KERRIA** (Double Flowering). Produces an abundance of double flowers, rich yellow resembling half-opened rose buds. Its branches are of beautiful pea-green color. Price: 50c each.
- MOCK ORANGE** (Virginialis). Exceeds all other Mock Orange in beauty and form; unusually large, double white flowers, often 1½ in. across, in clusters of five to seven in a group. Price: 2½ to 3 ft., 40c each.
- MOCK ORANGE** (Golden of Dwarfish Growth). Yellow foliage in summer, white flowers in May and June, very desirable. Good as a single bush or for grouping. Price: 40c each.
- MOCK ORANGE** (Fragrant Coronarius). A well-known shrub, with clusters of pure white, very fragrant flowers in June. Price: 2 to 3 ft., 40c each.
- SNOWBALL** (The Old Favorite). With globular clusters of white flowers the latter part of May. Price: to 3 ft., 40c each.
- SNOWBERRY**. A slender, medium-growing shrub, which does well in any soil and will flourish under trees and in dense shaded places. Clusters of attractive, milk-white berries which last until late in winter. Price: 2½ to 3 ft., 40c each.
- WINGED BURNING BUSH** (Euonymus Alatus). A beautiful shrub, with corky winged branches; a fine shrub for solitary plantings, as well as for massing, the rich red and crimson of its leaves being very showy, and red berries add to its attractiveness. If we could plant only one shrub it would be this rightly named (Winged Burning Bush). Price: 1½ to 2 ft. bushes, 50c each; 2 to 3 ft., 75c each.
- WEIGELA PINK** (Weigela Rosea). Deep pink flowers in great profusion in June. A universal favorite and a strong grower. Price: 2 to 3 ft., 40c each.
- WEIGELA** (Eva Rathke). A fine dark red variety of dwarf habit. Blooms profusely in June and intermittently all summer. Price: 2 to 3 ft., 50c each.
- WEIGELA** (Variegated). Those who want a shrub that in addition to blooms, shows a decided striking foliage, should plant this Weigela. Pink flowers and green and white foliage. Price: Strong 18-25 inch, 40c each.

SPECIAL: All shrubs listed at 40c each, 10 for \$3.50.

Green's Nursery Co.

The Shrubs sent last year came in perfect condition and are growing nicely.

(Signed) Miss Marion Bodge,
_____, Mass.

HOW'S THIS ?

Green's Nursery Co.:

"For perhaps the tenth time I received during the planting season of this fall of 1936 from the E. H. Burson Nursery a superb delivery of fruit trees, shrubs, evergreens and shade trees. If I should make a planting on my grounds this spring or next fall of from \$5.00 to \$100.00, the E. H. Burson Nursery would receive my order. It is a pleasure indeed to testify as to this."

John M. Hanford,
Scottsville, N. Y.
and N. Y. City.

THE SPIRAEAS

SPIRAEA (Anthony Waterer). A dwarf variety, growing 2 to 3 ft. high, branches of which terminate with beautiful, deep rose flowers that are fine for bouquets. Price: 40c each.

THUNBERG'S. A very early flowering, graceful bush. The thread-like branches bear innumerable small white flowers and tiny leaves. Foliage changes in autumn to bright red and orange. Price: 2 to 3 ft., 40c each.

KOREAN. A new variety, blooms white, two weeks earlier than the Van Houtte. Especially desirable for this reason, sometimes called the Korean Bridal Wreath. Price: 2-3 ft., 50c each.

VAN HOUTTE. Better known and more largely planted than any other shrub. An extremely graceful shrub, with long, drooping branches completely covered with flat clusters of white flowers in May and June. When in blossom, a hedge of Spiraea Van Houtte is a sight long to be remembered. Price: Special low price—2 to 3 ft., 35c each; 10 for \$3.00; 4 to 5 ft. heavy clumps at 60c each; 10 for \$5.00.

BRIDAL WREATH. Flowers white and double like little roses, borne in great profusion the whole length of the branches; foliage, scarlet in autumn. Price: 2½ to 3 ft., 40c each.

French Lilac

LILACS

French Varieties (Double and Single Flowering)

SPECIMEN BUSHES READY TO BLOOM THIS SPRING

The **FRENCH LILACS**, owing to their hardiness, attractive free blooming, have been and are being planted so extensively that propagators are unable to keep up with the demand. We had several trade calls last fall for considerable lots which we deemed best to turn down as we anticipated that we would need all we had for our retail orders.

In addition to our regular good 2-3 ft. ready-to-bloom grade as listed below, **WE HAVE** a heavy transplanted 4-6 ft. grade, unnamed varieties in colors: white, lavender, purple, etc., at a bargain price of \$1.50 each. These are ready for immediate effect as specimen hedges and windbreaks. Our reason for this special offer is that we desire to clear the ground.

Parcel Post Grade—We offer a lighter grade of the named varieties of Lilacs, strong, well-furnished plants that can be sent by parcel post, prepaid, at 50c each.

Price of all below French Lilacs: Strong 2 to 3 ft. ready-to-bloom, \$1.00 each; 3 for \$2.50.

CHARLES JOLY. Double purplish red. Tall grower.
MME. CASIMIR PERIER. Double white. Dwarf stocky growth.
MME. LEMOINE. Double white. Dwarf; branches well.
MARIE LE GRAYE. Single white. Dwarf, low branched, stocky.
MICHEL BUCHNER. Double lavender.
PREST, GREVY. Large, full clusters of double, pale wistaria violet flowers.
LILAC (Ludwig Spaeth). Double large trusses of dark purplish blue, single flowers.
COMMON PURPLE. Price: 2 to 3 ft., 50c each.

CLIMBING VINES

We received hundreds of letters asking our advice as to suitable vines for planting for porches, arbors, etc. We heartily recommend Silver Lace, Clematis Paniculata or Grafted Wisteria.

Note: Climbing Vines No. 1 grade as listed below will be sent when desired by Parcel Post prepaid at prices shown below.

AMPELOPSIS (Boston Ivy). Clings to walls without support. Leaves in rich colors in the Fall. Price: 35c each; 3 for \$1.00.

BITTER SWEET. Rich orange colored berries in the Fall. Price: 40c each; 3 for \$1.10.

CLEMATIC PANICULATA. Rampant grower. White fragrant flowers in the Fall. Price: Strong 2 year vines, 35c each; 3 for \$1.00.

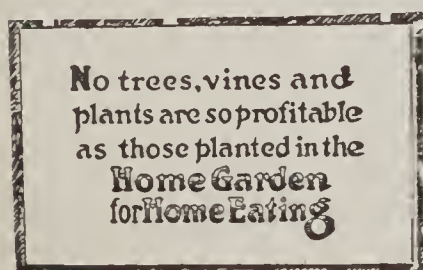

CLEMATIS JACKMANNI. The large purple flowered variety. Price: 75c each; 3 for \$1.85, postpaid.

WISTARIA (Grafted). Purple flowers in June. Grafted plants. Price: 2 year vines, 50c each; 2 for 90c.

SILVER LACE VINE. The fastest growing vine; foliage perfectly clean, never bothered by insects or other pests. In Fall a sea of foam-like white flowers. The growth of one 2 yr. vine planted in spring of 1935 was 28 feet during the summer, throwing out, in addition to the leader, side branches, which were trained to run up a wire on either side. The total growth of the three during the season of 1936 shows the phenomenal total growth of 84 feet in height with three to five tendrils winding around the wires. It was in bloom for a month. Price of this wonderful vine, 2 yr. strong—50c each, postpaid.

DON'T BE MISLED

MR. FORD, the Automobile Magnate, once said: "If you desire to make money, you must spend to make." This would apply to those of us who build and mail out Nursery Catalogs perhaps. We could issue a showy, spring catalog, showing many good things in colors, but this would be no guarantee to the patrons that the stock would be better than if selected from a small catalog. As we see it, one good testimonial from a well pleased patron is worth more than a score of (sometimes) misleading illustrations. Reputation counts more than pictures. The majority of our patrons send repeat orders or tell their friends, see testimonials on pages and others.

See Page 8 for Special Gifts of Flowering Shrubs, Gladiolus Bulbs, Grape Vines or Levin Pruning Shears.

DESIRABLE HEDGING PLANTS

Hedge plants may be set from 8 to 12 inches apart in single rows or in case a quicker, denser growth is required in double rows the rows about 14 inches apart and the plants 12 inches. When planting double rows the smaller sizes may be used.

BARBERRY (Dwarf Thunberg). A favorite wherever tall hedges are not needed. Very hardy. Foliage turns to red and orange in later summer and branches are covered with red berries in late fall and winter. Note these are offered in several heights—all are No. 1 plants of their grades offered. Price: 12 to 15 in., 10 for \$1.25; 50 or more at 8c each; 15 to 18 in., 10 for \$1.50; 50 or more at 10c each; 18 to 24 in., 10 for \$1.75; 50 or more at 12c each.

For specimen plants 2 to 3 feet see Flowering Shrub pages.

PRIVET (Amoor River). Hardy North. Hardier than California and being largely planted. Price: Strong 12-18 inch, 10 for 50c; 50 or more at 5c each; 18-24 inch, 10 for 75c; 50 or more at 6c each.

300 OR MORE of these as offered above at less price. Ask for special prices on your needs.

PRIVET (California). Well known, holds foliage until severe winter weather sets in. Price: 18 to 24 in., 10 for 60c; 50 or more at 5c each; 2 to 3 ft., 10 for 75c; 50 or more at 6c.

SOMETHING NEW

TRUEHEDGE COLUMNBERRY. A sensational new form of Barberry that is taking the county by storm. Perfectly hard, pyramidal in growth, drouth resisting, perfect hedge plant.

Price: 12-15 in., 35c each; 10 for \$2.80; 50 or more at 21c each.

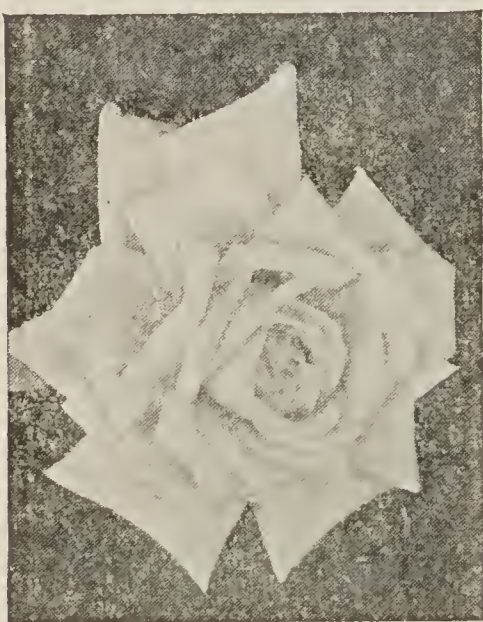

It is reported that a sale of 125,000 plants of this wonderful plant was made in eight weeks following the sample introduction and display of the National Nurserymen Convention in July, 1935.

ROSES

EVERBLOOMING ROSES

Disappointed

We realize that some folks have been disappointed in that they expected that the so-called Everblooming Roses, although blooming well in the early summer, failed to meet their expectations throughout the season. This failure may have been caused by lack of moisture, poor condition of soil, etc.

THE POLYANTHA ROSES

We suggest that you procure and plant the Polyantha class Dwarf Baby Roses. These are not baby in size of bush, but are No. 1, heavy plants, and from early summer until severe frosty weather sets in, will delight you with large clusters of showy blooms. Plant in as single specimens, in beds, or in hedge rows, and your garden, lawn or driveway will be the envy of your neighbors.

Desirable Varieties of Polyantha Roses

Crimson Baby, the favorite Crimson.

Ellen Poulsen, delightful Pink.

Ebiouissant, striking Red.

Golden Salmon, Orange Scarlet.

Catharine Zeimet, Pure White.

ROSES—Bedding Roses are often planted too shallow. Deep planting is advisable. The plant should be set in up to first branches and these branches cut so that not more than 4 inches show above the ground level. Roses give best results in rather heavy, well drained, rich, clayey soil. Winter protection in the north and middle states may be necessary.

Please Note: All roses listed will be sent prepaid by parcel post, if desired, at the price each as shown after the descriptions.

Price of all Polyantha Dwarf 2 year No. 1 Roses, 50c each; 3 for \$1.40.

WELL KNOWN HYBRID TEAS VARIETIES

(Generally Known as Everbloomers)

BETTY UPRICHARD. A charming carmen with coppery orange.

COLUMBIA. Beautiful deep enduring pink.

FRAU KARL DRUSKI. Snow Queen.

E. G. HILL. Great massive blooms of deep maroon, velvety on inside, very fragrant.

ETOILE de HOLLANDE. Free blooming, brilliant crimson red.

JOHANNA HILL. Very double bloom with Indian-yellow center surrounded by bold buff petals.

LOS ANGELES. Flame pink and found in every Rose collection.

MRS. AARON WARD. Deep golden orange.

PRESIDENT HOOVER. Maroon, orange and gold.

RADIANCE PINK. Very hardy, vigorous deep pink.

RADIANCE RED. A favorite crimson red.

SOUVENIR de CLAUDIUS PERNET. Large flowered, unfading yellow.

Price No. 1: 60c each; 3 for \$1.50; 6 for \$2.75.

See Page 20 for An Amazing Offer of Small Flowering Plant Collections.

X-1714 Talisman H. T.

TALISMAN. The gorgeous, much planted, gold apricot yellow and old rose, a beauty.

Price of 2 yr. No. 1, 60c each; 3, \$1.50; 6, \$2.75.

Heavy 2 year field grown, ready for producing soon after setting. Gorgeous blooms.

NOVELTY

TOM THUMB. This new wonderful little gem is illustrated and described on page 17. Price: \$1.00 each, postpaid.

CLIMBING (RAMBLER) ROSES

AMERICAN PILLAR. A superb single flowering strong grower, brilliant carmine with creamy center, yellow stamens.

AMERICAN BEAUTY. The good favorite, big red.

CRIMSON RAMBLER. That much loved crimson.

PAUL'S SCARLET. The vivid scarlet.

DOROTHY PERKINS. The ideal pink.

PRIMROSE. A true hardy yellow.

TAUSCENDSHON. Considered by many the peer of ramblers, creamy white to soft pink blooms.

WHITE DOROTHY. Clusters of pure white.

Price: For heavy 2 year, field grown, 40c each; any 3, \$1.00, postpaid.

F. J. GROOTENDORST. A hardy especially desirable rose for individual and hedge planting. Small, bright crimson flowers of the Baby Rambler type. Price: 60c each; 3 or more at 50c each.

NEW PATENT ROSES

The Sensation in Roses

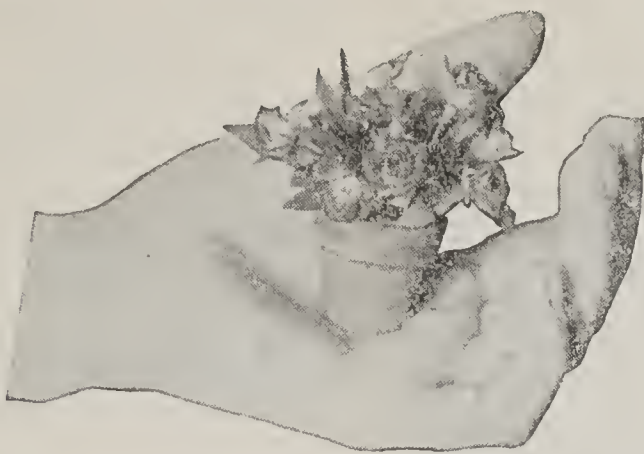

NIGRETTE—THE BLACK ROSE OF SANGER-HAUSEN. A new rose, unlike any other. It is the darkest of roses. A continuous bloomer. Price: \$1.50 each, postpaid.

AMELIA EARHART. Plant Patent No. 63. New. Large ovoid bud, cream with blushes; flowers very full, graduating from a deep yellow center to an outer collar-ette of large cream petals with a blush overtone; extremely fragrant; strong grower; free bloomer; leathery dark green foliage. Price: \$1.25 each, postpaid.

BETTER TIMES. New. The brilliant cerise flowers are large, double and delicately fragrant. Being produced on long, strong stems, they are excellent for cutting; foliage is leathery, dark green; a very free full bloomer. Its success is indication of the name. Price: \$1.50 each, postpaid.

MARY HART. A striking red sport of Talisman. The bud is maroon-red, opening to well-formed blossoms of deep velvety blood-red with an overflow of amber. Unlike most red Roses, Mary Hart does not wilt or dry out when cut, but opens perfectly. Price: \$1.00 each, postpaid.

ROCHESTER. A lovely constantly flowering Rose of the bedding type. Great freedom of bloom. Blossoms of clear two-tone pink and buff, deeper in center, having coppery tinges and with yellow at the base of petals. Foliage heavy and disease-resistant. Growth vigorous. Extremely hardy. Price: \$1.25 each, postpaid.

COPYRIGHTED

TOM THUMB

"WORLD'S SMALLEST RED ROSE"
Plant Patent No. 169

Crimson. A tiny gem for rockery, border or pool's edge. For Conservatory. Dwarf grower. Hardy. Flowers rich crimson, white center, studded with gold stamens. Popular for Flower Shows and Gifts.

\$1. each; 3 for \$2.50; 12 for \$10.

EVERGREENS

Evergreens are contributors of continuous beauty and because of this are essential in every plan of home planting. Green the year 'round, they are refreshingly cool in summer, and lend color and warmth to the bleak landscape in winter. The beautiful shape and deep color of these shrubs is a joyous sight in the winter months when all other growing things are stripped of their foliage. The specimens should be balled and burlapped when received from the grower and set carefully as received. Do not remove the burlap. The hole should be as large again as the ball and thoroughly soaked, as well as the ball of earth, and the soil tramped very firm. The tree should be set so that the lowest branches touch the ground.

(Specific planting directions will be sent with all shipments.)

ARBOR VITAE (American). Particularly good for screens, hedges, etc., and suitable for individual specimen planting. Price: 3-4 ft., \$1.00; 4-5 ft., \$1.50; 5-6 ft., \$2.50 each. Ask for prices on bigger, taller trees.

ARBOR VITAE (Globe). A splendid dwarf, globe shaped. Price: 12-15 in. spread, 75c each; 18-24 in., \$1.00 each.

ARBOR VITAE (Pyramidal). In bigger demand than any other Evergreen. The universal favorite spiral form growing evergreen for lawn and foundation planting. Price: 18-24 in., \$1.00 each; 2-3 ft., \$1.50 each; 3-4 ft., \$2.00 each. Ask for prices if taller specimens are wanted.

ARBOR VITAE (Siberian). A superb hardy variety, somewhat similar to American, with heavier and fuller foliage and more compact habit; bears trimming well. Price: 2 to 3 ft., \$1.25 each.

Norway Spruce

SPRUCE. Norway. The well - known favorite. Used as specimens and for screens. Price: 18-24 inch, 75c each; 10 for \$6.00; 2-3 ft., \$1.25 each; 3-4 ft., \$1.50 each.

All Evergreens balled and burlapped for shipment.

OTHER EVERGREENS.

Ask for prices showing varieties wanted, as we have others at a price that will appeal to you.

JUNIPER (Pfitzers). Of dwarfish spreading form that is in big demand. Price: 15-18 in. spread, \$1.50; 18-24 in., \$2.00.

PINE (Austrian). A universal favorite where eventually a large tree is wanted. Broadbased, heavily needled, massive; darkest and richest green of the Pines. Price: 2 to 3 ft., \$1.25 each. Ask for prices on bigger and taller trees.

PINE (Mugho Dwarf). Nothing better where an evergreen of dwarf habit of growth is wanted. Price: 18-24 in. spread, \$1.50; 2-3 ft., \$2.50; 3-4 ft., \$3.50 each.

SPRUCE. Colorado Blue (Shiners). The peer of Evergreens. Price: 2 to 3 ft., \$2.50 each; 3 to 4 ft., \$3.50 each; 4 to 5 ft., \$4.50 each. Ask for prices on bigger, taller trees.

SPRUCE. Black Hills. An extremely hardy, compact growing variety; color of foliage, decidedly blue. Price: 2 to 3 ft., \$1.50 each; 4-5 ft. trees, \$2.50 each.

GREEN'S GRAFTING WAX

In convenient half-pound packages.

Price 75c per half pound; \$1.25 per pound, postpaid.

LOMA

That good plant food, best fertilizer for all types of plants inside and outside.

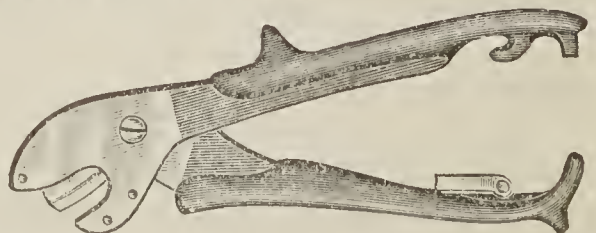

Price: Pound packages, 25c, postpaid; 5 lb. cartons by express collect, \$1.00.

Thousands of choice Evergreens are ruined by dogs every year. "Dogzoff" will keep dogs off. It is a most efficient animal repellant and one spraying will last from three to four weeks. Not poisonous to plants and will not injure animals. Not offensive to humans. "Dogzoff" is applied with any small insect sprayer, and one application usually does the work.

Price for season's supply, 69c, postpaid.

THE LEVIN PRUNER

There has always been a heavy demand for this universal favorite Pruner. Can easily be carried, handy for garden and orchard use, will last for years. New springs can be furnished when and if wanted. Price \$1.15, postpaid.

GLADIOLUS

THIS UNIVERSAL FAVORITE bulb is planted by nearly everyone who has a garden, be it small or large. It is planted in dozen, hundred, thousand and ten thousand lots.

LAST SPRING, we offered a Gift of 25 Mixed flowering size bulbs to those who sent in their order early and hundreds availed themselves of the offer. Since that time we have received many letters, stating that the bulbs flowered and gave beautiful spikes of bloom.

SO AGAIN, we have decided to offer another Gift of this ever pleasing flower.

Please Read
Carefully.

THIS IS OUR SPRING 1937

GLADIOLUS GIFT with a \$3.00 order.

We will include absolutely without cost to you 30 good sure flowering bulbs, known as our **Glory Mixture** on condition that your order at catalog price amounts to the total of \$3.00, that you ask for the gift when you send order, (or, better, cut this Gift Offer out of catalog and enclose with your order,) and further that your order is received on or before April 1st, 1937. The bulbs will be sent with the trees and plants ordered or will be sent separately by parcel post prepaid by us.

NOTE: Only one 30 bulb gift will be sent whether your order amounts to \$3.00 or more.

We offer you other Generous Gifts in the event of your order amounting to \$5.00 or \$10.00, see page 8.

GLADIOLUS

In addition to the good mixed Gladioli which are offered as a Gift we have thousands of Bulbs in named varieties in No. 1 Grade or in special separate colors. We list herewith some of the leading good ones.

Bumblebee, Salmon Pink. Butter Boy, Yellow.

E. J. Shaylor, Rose Pink. Flaming Vale, Cardinal Red. Romance, Red and Yellow. Schwaben, Sulphur Yellow. Uhlan Chief, Scarlet.

Price of the above 12 of any one variety, 40c; 25 made up of any two varieties, 60c; 50 of any one variety or made up of four varieties, \$1.00; 100 of any one variety or of four varieties, \$2.50; 500 to 1000 at 2c each, buyers' selection. All postpaid at these prices.

E. H. Burson Nursery,
Dear Mr. Burson:

For the past thirty-five years all our trading with your nursery has been pleasant as well as profitable. Every tree and plant a cheerful spirit, joyful in growing and producing fancy fruit, true to name.

All trees from your Nurseries, planted last spring grew 100 per cent, strawberry plants 99 per cent, asparagus 95 per cent, currants 100 per cent. This indicates well bred, carefully cultivated stock at your Nurseries.

(Signed) John Wurtzel,
_____, Ohio.

AMAZING OFFERS

12 PLANT COLLECTIONS

These Amazing Collections are not made up of left-over surplus stock but are guaranteed to be fresh dug, sturdy well rooted young plants that will please the most exacting. But patrons should not conflict these special offers with the heavy 2 to 3 year ready to bloom roses, shrubs, etc., as found listed in the body of the catalog. Last spring the Amazing Collections offered at that time were ordered and shipped out to hundreds and only one complaint was received by us.

HERE ARE THE COLLECTIONS

Any one or more will be sent Postpaid, carefully packed in carton, guaranteed to arrive at your Post Office in good condition. Price: \$1.00 each; any two for \$1.90; any 3 or more at the rate of 85c each.

1. 8 Hybrid Tea Roses (1 year pot grown plants, averaging 10-12 inches high.)
2. 8 Hardy Climbing Roses (1 year pot grown plants, averaging 10-12 inches high.)
3. 8 Polyantha Roses (1 year pot grown plants, averaging 7-8 inches high.)
4. 12 German Irises (12 different varieties.)
5. 10 Hardy Large Flowering Chrysanthemums (all new varieties, including Innocence, Cavalier, etc.)
6. 10 Hardy Pompon Chrysanthemums (all new varieties, including Yellow Bird, Jewell, etc.)
7. 8 Regal Lily Bulbs (1½" diameter and up.)
8. 8 Hardy Phloxes (1 each 8 new varieties.)
9. 8 Delphiniums, Blackmore & Langdon English Hybrids (field clumps.)
10. 8 Hardy Rock Garden Plants (1 each 8 varieties.)
11. 6 Butterfly Bushes, (all different, 1 each Alternifolia, Ile de France, Farquhari, Wilsoni, Magnifica, and Veitchiana.)
12. 6 Dahlias (1 each 6 varieties.)

E. H. Burson Nursery:

Your goods all received in fine shape and are all planted and doing well, commencing to leaf out. Your last year 1935 goods were also good. I can cheerfully recommend your goods to anyone. Thanking you for the safe delivery and fine shape they have all arrived in.

Very respectfully,

(Signed) W. W. Hull,

See Page 21 for 9 Special Reduced Price Collections of Fruits, Shrubs, Roses, etc.

See Page 19 for Gift of Gladiolus Bulbs.

SPECIAL COLLECTIONS AT REDUCED PRICES

SPECIAL MADE-UP COLLECTIONS have always been a feature with us, and pleasing to our patrons. Here are a few Collections made up of the best varieties for general planter, all of these are standard varieties well-known and mainly good old favorites. By offering them in Special Collections we are able to send you extra nice trees and plants at a considerable reduction. We save by assembling these ready for shipment ahead of your order,—you save in price. All the trees, shrubs, etc., for these Collections are selected from our regular grade of stock.

PINK CUSHION

A HARDY CHRYSANTHEMUM (Magnificent). Has been known to produce 1000 blooms in a season. Flowers pink to deep rose changing to tender Lilac, Ivory and Gold. Unmatched for appealing beauty by any other plant. This new hardy Chrysanthemum has taken the country by storm. It is expected that there are not enough plants to supply the demand. Price: Strong full grown plants, 40c each; 3 for \$1.00, postpaid.

Price: Selected strong field grown plants, 35c each; 3 for \$1.00, Postpaid.

OTHER GOOD HARDY CHRYSANTHEMUMS

Bronze Button—Small button type flowering midseason.

Button Yellow—Small button type flowering early.

Glory of Seven Oaks—Golden yellow midseason.

Normadie—Creamy white, early.

Little Bob—Brownish red, late midseason.

Ruth Cummings—Rich bronze terra cotta.

Price: 25c each; 3 for 60c.

NEW KOREAN CHRYSANTHEMUMS

A new creation in the Perennial word, wonderful for table decorations.

Apollo—Bronze red and gold.

Innocence—White changing to pink.

Mars—Deep amaranth red.

} Price: 35c each;
3 for \$1.00.

PERENNIAL PHLOX

Price: 25c each; 3 for 60c, postpaid.

We offer only strong, ready-to-bloom field-grown plants. This perennial plant is one of the oldest types in gardens. It is now close to first place in popularity for long period, mass flowering, easy culture, and extreme hardiness. Admirably suited to rockeries and background work. Blooming period July to October. We offer here a limited list of good varieties but can supply others if needed.

B. COMPLETE. French Purple.

ENCHANTRESS. Salmon pink with red eye.

HAUPTMAN—KOEHL. Dark blood red.

MRS. JENKINS. Large pure white.

R. P. STRUTHERS. Rosy carmine with claret eye.

RYNDSTROM. Rose pink.

SIR EDWIN LANDSEER. Light crimson.

THOR. Salmon pink.

VON HOCKBURG. Brilliant red.

HARDY PERENNIALS

PERENNIALS once planted in any good average soil will continue year after year to delight the planters. We are listing and describing briefly only a few of the well-known hardy desirable ones. These are field grown heavy plants that will need no petting. If a quantity should be needed if you will send word giving number and variety we will make considerably lower prices.

Price of those listed below: 25c each; 3 for 70c; 10 for \$2.00, postpaid.

ANEMONE (Windflower). They succeed best in light, rich, well-drained loam. Plant in early October, or as soon as the ground can be worked in the spring. If planted in the autumn they should be covered with leaves, straw or long manure on the approach of winter.

AQUILEGIA (Columbine). The Columbine is one of the most beautiful hardy perennials, producing graceful spurred flowers on 2-foot stems.

CAMPANULA (Canterbury Bells). A beautiful and most important family for the flower garden. The dwarf species are charming for rock gardens, being not difficult to cultivate.

CHINESE LANTERN PLANT (Physalis). Produces freely its bright orange-scarlet lantern-like fruits, which can be but and dried, in which shape they are used extensively for floral decoration during winter.

COREOPSIS (Tickseed). One of the most popular hardy plants. The flowers are a rich golden yellow of a beautiful graceful form.

DELPHINIUM (Larkspur). There are many species in cultivation, but the most important are the tall hybrids, of which there are many varieties with a wonderful range of color.

DAISY (Shasta) (Alaska). 2 feet. Wonderful show of large white flowers. Fine for cutting. Blooms all summer.

FOXGLOVE (Digitalis). Giant Shirley Hybrids. The flower heads are over 2 ft. long, crowded with big, bell-shaped blossoms. Color range from white and shell-pink to deepest rose, many attractively dotted crimson or chocolate.

GYPSOPHILLA (Baby's Breath). Fine for cutting and drying for winter bouquets.

HEUCHERA SANGUINEA. (Coral Bells). Much prized for dainty blossoms and long blooming habit. Coral pink flowers.

LYCHNIS. Blazy summer flowers.

PHYSOSTEGIA (False Dragon Head) (Grandiflora "Vivid"). One of the best of the late-blooming perennials. Vivid pink, 20 in. Aug.-Sept. This is a plant that you must have surely. Do not overlook it.

PYRETHRUM (Painted Daisy). These are of great value for cut flower purposes, lasting in water longer than any flower we know, are perfectly hardy, delighting in a cool moist soil.

Apr. 22, 1936.

Dear Sir:

Nursery stock received Monday morning all fine. Thanks for the two peach trees and for the service as a whole. More orders will come eventually.

(Signed) Anson A. Cheyney,
_____, Va.

See Page 21 for Special Gifts of Flowering Shrubs, Gladiolus Bulbs, Grape Vines or Levin Pruning Shears.

FRUIT TREES

FRUIT TREES ARE SCARCE, but fortunately we have a fair stock of good trees in the No. 1, medium and smaller grades to offer our patrons.

We have an especially nice lot of Peach Trees in the three general grades 4-5 ft., 3-4 ft. and 2-3 ft. Owing to the limited number of good Apple, Pear, Plum, Cherry and Quince trees, prospective patrons are advised to send their orders in as early as possible (even if not prepared to send payment in full with order) as an increase in prices may be expected towards the end of the spring season.

PRICES at which orders will be booked, (if order is received by us before the increase in price):—

APPLE, PEAR, CHERRY, PLUM STANDARDS—

F.O.B. cars for Express or Freight Shipment.

No. 1, 2 yr. 5-6 ft. or more. Each \$1.00; 10 for \$9.00.

Medium, 2 yr. 4-5 ft. or better. Each 80c; 10 for \$7.50.

Small, 2 yr. 3 ft. or better. Each 60c; 10 for \$5.00.

Good 2-3 ft. trees prepaid by Parcel Post. Each 50c; 10 for \$4.00.

PEACH TREES

First size, 4-5 ft. or better. Each 75c; 10 for \$6.00.

Medium, 3-4 ft. or better. Each 60c; 10 for \$5.00.

Small, 2-3 ft. or better. Each 50c; 10 for \$4.00.

Good 2 ft. trees or better prepaid by Parcel Post. 40c each; 10 for \$3.00.

APRICOTS

3-4 ft. well headed. Each 75c; 10 for \$6.00.

QUINCES

2 yr. 3-4 ft. well branched. Each \$1.00; 10 for \$8.50.

Patrons in ordering 10 trees may select 5 varieties at the prices quoted for 10.

Lower prices will be quoted by letter to those who plan to set from 25 to 100 or more trees.

SEE OVER FOR LIST OF VARIETIES OFFERED

WE HAVE NO DWARF APPLE TREES.

We have an exceptionally nice lot of Peach trees and will be glad to quote very low prices on quantity lots.

SHORTAGE—It is conceded that there are not one tenth as many good fruit trees for sale in Nurserymen's hands as there were a few years ago, and the demand is much heavier. It is fully expected that late orders will have to be turned down. To avoid disappointment and to assure the reserving of the trees wanted, we advise early ordering.

NOTE—If for reasons, full payment cannot be made when order is sent in, the buyer has the privilege of paying $\frac{1}{4}$ of the amount, balance to be paid when stock is wanted shipped. In this way you are sure of the filling of your order.

TREES BY PARCEL POST

Please Note: We can send certain Fruit trees by Parcel Post, all charges paid by us.

STANDARD APPLES. Cortland, Delicious, McIntosh, Rome, Wealthy and Yellow Transparent. Price for strong 2-3 ft. trees, 50c each.

STANDARD PEARS. Bartlett, Clapp's Favorite and Seckel. Strong 2-3 ft. trees, 50c each.

PLUM. Bradshaw and Burbank. 2-3 ft. trees, 50c each.

CHERRY. Black Tartarian, Napoleon, Sweet and Montmorency Sour. Strong 2-3 ft. trees, 50c each.

PEACH TREES. All varieties as listed—in selected, strong 2 ft. grade at 40c each; 10 for \$3.00.

See Page 19 for Gift of Gladiolus Bulbs.

Special Interesting Information for Old and Prospective New Patrons

We have been growers and shippers of good nursery stock for considerably over 50 years,—we have served our patrons in a very satisfactory way (see a few of many unsolicited testimonials in this insert and in catalog in which this insert is enclosed.)

We plan to continue this satisfactory service if entrusted with your orders, be they small or large.

We deeply appreciate the good words received from pleased patrons. We aim to merit the enviable reputation acquired and beg to assure you of our unflagging interest in your behalf.

We have no cheap stock, but we gladly quote lower prices than shown in catalog on considerable or quantity lots. For instance, if you are planning to set 300 or more of any variety of raspberries, blackberries, currants, gooseberries, etc., we would quote you considerable lower prices than those shown at per 100 prices.

We call attention especially to fruit tree grades—that we have these in three or four sizes and heights. If the heaviest stock at the printed prices appear too costly for your pocket book, why not consider the lower sizes? These are all first class in their grade, and many planters consider these just as good and the price is much lower.

We are prepared to quote sensational low prices on these medium and smaller sizes and lower prices on the first grades in quantity lots.

As to Roses, all the varieties of Hybrid Tea Ever-blooming, Polyantha and Climbing (Ramblers) found listed in the catalog are priced for heavy 2-3 year, No. 1 grade but we have a lighter grade of 2 yr. that can be booked and shipped out at considerable lower price. These are good bushes well furnished in roots, stocky and well worthy of your consideration. All the Ever-blooming and Polyantha class should bloom well the first blooming season, the Ramblers whether first grade or the medium, generally do not show much bloom until the following year.

Also Note: that we offer in shrubs in addition to the heavy 2-3 ft. (or better) a smaller grade for Parcel Post shipment at a less price. These generally are very pleasing and in many instances produce blooms the first season.

Your order whether for stock to amount of 25c for an order by parcel post, or more, or for an order for \$2.00 or more by express or freight, will have our best attention and we solicit your list of wants for special lower than catalog prices.

NO AGENTS. Our business is secured from catalogs, price lists and by correspondence. We have no agents. Should any one soliciting your order intimate that they are selling for us, this is your assurance that their claim is fraudulent. We sell direct to you at the lowest possible price, and thus save you agents' commission. Recently a nursery agent sold a bill of stock to one who had not seen our catalog, collecting \$15.00, our delivered prices for the same bill of stock in the same varieties and of like sizes, would have been exactly \$7.00.

C. O. D.—If you have not dealt with us before, and have any doubts as to the order being filled, as you desire, if you send $\frac{1}{4}$ of the amount when ordering, we will ship, **CASH ON DELIVERY**, the balance. This, on account of collection charges, will cost you a trifle more, but if it will please you, it surely will please us.

Green's Nursery Company:

I received my order Nov. 6th at 7 P. M. I got the surprise of my life, I had no idea that I would receive the large healthy looking shrubs I did,—last year I ordered ten shrubs from another nursery and it only cost 6c to send them by parcel post. I only had two of them to live, not any of them had more than one stem. I am sending you another small order to plant this fall, and also making out an order for Chrysanthemums, Bulbs, and Perennial plants for which I will send you later for spring planting. With very best wishes.

(Signed) C. V. Weaver,
_____, N. C.
July 4, 1936.

Green's Nursery Company:

During 1907 I bought more than 1000 trees and plants from you, all TRUE to name.

(Signed) O. H. Denney,
_____, N. Y.
Feb. 19, 1936.

Green's Nursery Company:

Just received your catalog, about five years ago I got some trees and berry bushes from your place, they have grown to be beautiful trees and are bearing fruit.

(Signed) Johanna Kupper,
_____, N. Y.

E. H. Burson Nursery Co.:

Thank you very much for the fine shrubs you recently sent me. They have wonderful roots and were in fine condition on arrival.

(Signed) Emma H. Fownes,
_____, Ohio.
November 19th, 1936.

Green's Nursery Co.:

The Forsythia Plants reached me in A-1 condition. They were in fine shape and are now all set out. I am very well pleased with them, they appear to be fine healthy looking stock. Thanking you for your trouble and painstaking care in packing the plants so securely and satisfactorily, I remain,

Very truly yours,

(Signed) Mrs. J. B. Post, Jr.,
_____, N. Y.

Dear Mr. Burson:

Our order of 1,000 Columbian Raspberry plants came in fine condition. Plants very stocky and nice and you sent us two Premiums. We thank you very much for same, also for care used in packing.

Yours truly,

(Signed) Mrs. Jacob G. Hoffer,
_____, N. Y.

Green's Nursery Co.:

Last spring I sent you an order for Raspberry bushes and fruit trees. I received the order very promptly and was very much pleased. The berry bushes grew fine and the fruit trees grew exceptionally well for the first year. Am enclosing an order for this year also.

(Signed) Harold E. Graham,
_____, N. Hamp.
November 20, 1936.

E. H. Burson Nursery:

Just wish to let you know that I was well pleased with the Silver Maples you sent. If these do well, I'll want twice as many next fall.

Very truly,

(Signed) S. J. Hungerford,
_____, N. Y.

One Look at Page 21 may show you the way to save several dollars.

"DOGZOFF"

Thousands of choice Evergreens are ruined by dogs every year. "Dogzoff" will keep dogs off. It is a most efficient animal repellant and one spraying will last from three to four weeks. Not poisonous to plants and will not injure animals. Not offensive to humans. "Dogzoff" is applied with any small insect sprayer, and one application usually does the work.

Price for season's supply, 69c, postpaid.

Nuts

ENGLISH WALNUT. A fine lofty-growing tree with handsome, spreading head. Produces large crops of thin-shelled, delicious nuts, which are always in demand at good prices. We offer a hardy seedling strain grown from nuts secured from a successful grove a few miles from Rochester. Price of transplanted trees, 2-3 ft., \$1.00 each.

JAPAN WALNUT. This is a very hardy variety, will stand 20 degrees below zero without injury, a rapid-growing, handsome tree which bears young and abundantly. Price: 3-4 ft. trees, 75c each; 6-8 ft., \$1.25 each; 5 or more at 60c; 2-3 ft. trees, 55c each; 5 or more at 50c.

BLACK WALNUT. A fast-growing tree prized not only for its heavy crops of large, nutritious nuts, but also for its exceedingly valuable wood in great demand by furniture makers and gunsmiths. Price: 5-6 ft. trees, 75c each; 6-8 ft. trees, \$1.10 each.

BUTTERNUT. This rapid-growing, lofty-spreading tree is one of our finest native trees. Valued for its tropical appearance and beautiful wood. Price: 4-5 ft. trees, 75c each; 6-7 ft. trees, \$1.25 each.

ENGLISH FILBERT (Hazelnut). A low-growing bushy tree, producing abundant crops of roundish, tender nuts of nice flavor. Price: 2-3 ft., 75c each; 3-4 ft., \$1.00 each.

I have bought trees of the Green's Nursery Co. over a period of years, and they always proved true to name which is one of the best results of buying trees.

(Signed) Henry McEachron,
_____, N. Y., Route 1.

Dahlias

We have thousands of Dahlia bulbs in all colors imaginable—just think of it 80 named varieties. These will be sold at the sensational low price of 2 for 25c, 12 for \$1.35 postpaid—buyer's selection of colors in Crimson, Lavender, Pink, Red, Rose, White, Yellow, and those of two or more shades.

We invite correspondence as to this extra good lot of bulbs.

The certificate as shown on first page of cover covers all shipments made by Green's Nursery Co. of Rochester, N. Y., as The E. H. Burson Nursery has succeeded to the business and handles it in the good old way. Mr. Burson first became connected with Green's Nursery Co. in the Spring of 1884, and is well known to many thousands of planters and nurserymen.

More Good Words

There's a reason for such testimonials.

May 8, 1936.

Mr. E. H. Burson,
Dear Sir:

This is a belated letter of thanks for the very fine shipment of Asparagus you sent us. We never saw such fine roots before, at this moment, nearly every plant is coming up and looking fine. And let me also thank you for the Asparagus you sent us one year ago which is just grand, and we are cutting it right along. In conclusion let me thank you heartily for the fine presents. The Rose of last year is promising us lots of flowers and the Peaches and "Glads" are planted and doing well. Also the Raspberries and bushes, all good. I hope you will have a fine season of business, and will long carry on the high class Nursery business which you have so long been identified with.

Yours very sincerely,

(Signed) Peter Peterson,
_____, N. J.

January 8, 1936.

Dear Sirs:

Please send me your 1936 Fruit Catalog. The fruit trees I bought four years ago are all living and bearing fruit and all growing fine, well pleased. We picked over a bushel of pears from each little dwarf pear tree last year. Took 17 pears from one limb of Duchess tree, weighing from 14 ounces to 1 lb. three ounces. Please give price list at rate of 50 of Duchess and Bartlett trees.

Yours respectfully,

(Signed) Edw. Keller,
_____, Ohio.

Apr. 2, 1936.

Green's Nursery Company:

Our Red Cross Currants which you sent us last fall look great and we are very much pleased.

(Signed) L. Krafzig,
_____, Ohio.

Gentlemen:

My order arrived in a few days all O. K. They were packed very nice as usual. I set them out at once, they are growing fine. Also the 6 Cortland Apple trees I bought last year, one tree has a few apples on it.

(Signed) C. H. Bernard,
_____, Mass.

Green's Nursery Co.:

I wish I had room in my orchard to plant more of your trees, but those I bought from you about 18 years ago are full size, true to name and healthy.

(Signed) E. A. Hegi,
_____, N. J.

Mar. 24, 1936.

Green's Nursery Co.:

Last year I purchased of you 40 Spy Apple trees, and they are all doing fine.

(Signed) W. E. Bacon,
_____, Vt.

April 30, 1936.

Green's Nursery Co.:

The shipment of the trees received in good condition, and trees were fine.

(Signed) Mrs. Allison L. Hegarty,
_____, Pa.

See Page 19 for Gift of Gladiolus Bulbs.

Wealthy—Early Winter red
Williams—Early Red summer
Yellow Transparent—Early Yellow summer
Transcendent Crab—Red and Yellow

STANDARD PEAR

Clapp's Favorite, Bartlett, B. Bosc, Seckel, Sheldon.
(The above varieties are considered the best for home and market.)

PLUM & PRUNE TREES

Bradshaw, Burbank, Fellenburg Prune, German Prune, Reine Claude, Yellow Egg.

CHERRY TREES

CHERRY TREES

Black Tartarian—Early black sweet.
Early Richmond—Early red sour.
English Morello—Late dark sour.
Gov. Wood—Early red cheek sweet.
Montmorency—Medium season red sour.
Napoleon—Medium season red cheek sweet.
Windsor—Late season purplish black.

QUINCE Orange APRICOT Early Golden.

DWARF PEARS

Bartlett, Clapp's Favorite, Ruchess and Seckel.
PRICE: Well branched, 3-4 ft., \$1.00 each; 10 for \$8.00.

PEACH VARIETIES

CHAMPION. A medium season, good white fleshed variety.

EARLY CRAWFORD. A favorite with many, yellow.

ELBERTA. The leading good commercial yellow.

GOLDEN JUBILEE. New, large, early yellow peach of the Elberta type. Ripen three weeks earlier. The skin is yellow blushed with red; flesh yellow, juicy sweet.

GREENSBORO. Early very hardy, white fleshed variety.

HALE (J. H. Hale). The largest superior quality yellow.

LATE CRAWFORD. An old favorite late yellow fleshed.

ROCHESTER. The best very early yellow fleshed variety.

SOUTH HAVEN. Immediately preceding Elberta; large, globular, prolific; cheek yellow with one red blotch. Flesh yellow, juicy and delicious, freestone.

NOTE: Special low prices on Peach trees for shipment by express, freight and parcel post.

Green's Nursery Co.:

Last year you sent me 6 Peach trees by parcel post. I was surprised to find such fine trees, size and quality O. K. I am ordering some more.

(Signed) Ernest P. Fuller,

BLEEDING HEART

Its long racemes of graceful heart - shaped pink flowers are always attractive. Is perfectly at home in any part of the hardy border and especially valuable for planting in the shade. Price: 40c each, postpaid.

DAPHNE CENORUM

See Illustration

("Garland Flower"). A dwarf shrub, almost evergreen, with spreading branches on which the narrow, inch-long leaves are crowded; making very pretty trails of blue-green foliage. The soft pink flowers appear profusely during April and May, and at intervals throughout the summer; small and dainty in terminal clusters with a distinct and pleasing fragrance. Price: Strong well-formed plants, 6 to 9 inches high, 75c each, postpaid.

PRIMROSES

LOVELY OLD FAVORITES. Colors range from cream to many shades of yellow, orange, pink and crimson. Suitable for borders, rock gardens, etc.

PRIMROSE OR OXSLIP. Large clusters of deep yellow blooms on strong stems like the English cowslip but much larger.

VIOLA (Jersey Gem Violets). This is the best edging plant for the hardy border or garden, when properly cared for these plants remain in full bloom from May until October.

Price of all listed above: Each 25c; 3 for 70c; 10 for \$2.00, postpaid.

PAEONIES

AS TO PLANTING. Set the roots in the prepared soil, in their natural position, eyes or buds up, and at a depth so that the eyes will not be over two inches below the surface after the soil and the roots have settled. Work the loose soil carefully around the roots, packing it firmly to hold the roots in position. The common mistake is planting too deeply. Watch and see that the eyes are not more than two inches below the surface. The roots should be spaced 2 to 3 ft. apart.

We offer only strong 3 to 5 eye plants that, if planted early in good soil, should bloom with the coming season.

Price of below varieties, 35c each; 10 for \$3.00, not postpaid.

ALBERT CROUSE. Shell pink.

EDULIS SUPERBA. Soft pink. Early.

FELIX CROUSSE. Brilliant, flaming red.

FESTIVA MAXIMA. The ideal white.

KARL ROSENFELD. Dark crimson, a very striking variety. Midseason.

MONS KRELAGE. Dark pink.

UNNAMED PAEONIES in pink, red and white colored blooms at the very special low price of 25c each; 10 for \$2.00.

PLEASE NOTE: The above Paeony prices are for good 3 to 5 eye plants for shipment by express or freight. If wanted by parcel post prepaid, please add 5c to the each price, or 25c for a lot of 10.

One Look at Page 21 may show you the way to save several dollars.
